

Inovia Profiling Bed

Attractive and strong

- Safe working load of 225kg (36 stone)
- Low entry 22cm
- Excellent height range (up to 77cm)
- Auto-regression backrest
- Safe 24 volt system

The nursing bed packed with innovative ideas.

The Inovia bed is ideal for nursing home and residential settings, with different colour options available to suit the end users.

With a safe working load of 225kg (36 stone) and a 100cm wider platform option, the bed is ideal for bariatric clients.

The Inovia's good looks and functionality can be enhanced by a choice of continuous or split side rails. The low entry height of 22cm makes the Inovia a very versatile homecare bed.

Carrying a 24 volt system as standard, the Inovia is safer for both carer and patient as well as being economic to run and easy to maintain.

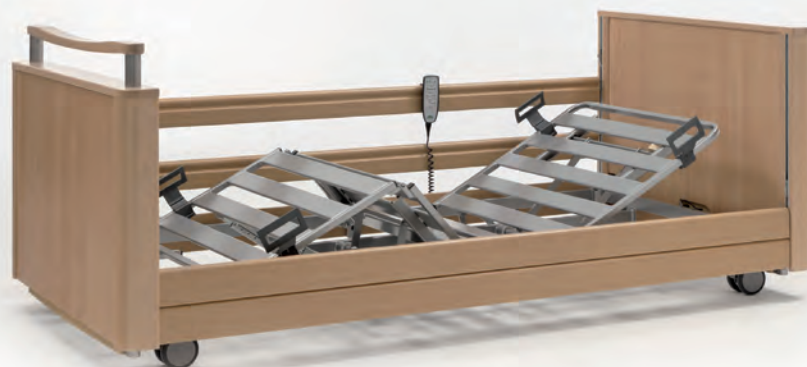

LISCLARE™

Freedom to Care
