— Minimal manual handling effort required

— Reduced friction and shear, assists with profiling

— Turning patients made easy

— Weight tested up to 300kg

— Easy four directional movement

— Base sheet easily and firmly fixed

— Ultra-smooth top sheet slide capability

Move in Comfort & Safety

The emotion InBed system has been designed specifically for the community home care environment. Its key function is to facilitate turning and moving and other transfers within the bed.

emotion InBed system is made with enriched cotton offering a soft and comfortable finish which has high air permeability and moisture absorption.

It is simple, cost effective and easy to use.
