

Mobile Flex 2-post Gantry System

Why choose the Mobile Flex 2-post Gantry System

Suitable for people who need an immediate and/or temporary lifting solution that can be easily and simply fitted, used and removed. The Mobile Flex is easy to assemble. No tools are required to adjust the height and width to provide a reliable temporary solution. Using gas springs the height is adjusted in second, providing immediate use for the carer and client. The telescopic tracks give enough lifting height to provide solutions that are suitable for most care rooms and most transfer situations. The Mobile Flex, when combined with Ergolet's innovative Luna ceiling lift, is a simple and functional lifting system and the ideal choice for either home care or institutional use. The Mobile Flex provides a lifting capacity up to 275kg utilising the full range of the Luna ceiling lift.
